Café Tour

MEDICINE HAT

Finding Your Black Sun *Coffee culture in "the Hat"*

No visit to Medicine Hat would be complete without a bona fide coffee crawl. As you explore our beautiful city and all it has to offer, take time to indulge in a progressive tour of three out of our five independent coffee shops, each with its own personality and specialties of the house and all within walking distance of each other in our historic city centre.

Chat with a barista as they create cappuccino and latte art or draw you the perfect shot of espresso from locally roasted beans. Travelling

from café to café you will feel the rich local culture of the sunniest city in Canada. Dive into our coffee culture and discover what makes each café worth a return trip during your stay.

- **Rich and indulgent cappuccino & latte art**
- **Impeccably drawn single shots of espresso**
- **French press or pour over of locally roasted beans**

Itinerary

Tours would include three of our five unique coffee providers, each offering their own spin on coffee culture.

Begin at Mad Hatter's Roastery at 10:30am and...

Witness coffee beans freshly roasted and transformed into a cup of coffee before your eyes. Sample three different bean varieties and have an explanation of the roasting process. Have a 'cupping' experience of light, medium and dark roasts and learn the differences in their characteristics and taste. What goes along with good coffee? Fresh baking! Nibble on a variety of baked goods over your unique cup of coffee. (30 minutes)

Find your muse at Inspire Café!

This café is a functioning artist studio and gallery. Have a guided tour with the owner and get insightful looks at her paintings as well as those of other of local artists. Much of their food is made in-house and there is opportunity to try whatever might be on the menu that day. (20 minutes)

They're waiting for you at Station Coffee Company.

Have a seat at the long coffee table and be served two caffeinated and two non-caffeinated beverages. Everything is made in-house from the chocolate and vanilla syrup to the baked goods. Hear about how the Station Coffee Company came into being and learn tips and tricks on how to make an exceptional coffee. (20 minutes)

The Esplanade

Conclude the tour at the Esplanade Museum and learn about the history of Medicine Hat from railway town to the local engineering of military drones. (30+ minutes)

Along the way and afterward.

After your walk through historical downtown you might feel ready for lunch. We suggest the Heartwood Café for delicious, locally sourced ingredients. Across the bridge is Zucchini Blossom where they serve fresh-made food and have a gourmet grocery too.
